SSVF  
215-923-2600  
EXT 186

## ATTENTION

- Due to the recommendations made by the CDC and the mandated regulations coming from local and state government, The Veterans Multi-Service Center is altering operations at the center, effective immediately.
- In order to provide services to those most in need while also maintaining a safe and healthy environment for our Veterans and staff we are asking for your compliance and patience.
- There will be screenings in an assessment tent outside, and we will be limiting the number of people accessing the building.
- We will be focusing our resources on the most vulnerable who are literally street homeless and staying at emergency shelters.
- Services will operate on a case by case basis at the assessment tent.
- Breakfast will be handed out at 9am
- Lunch will be handed out at 12pm
- **ALL** regular van runs *suspended* until further notice.
- We are asking that any Veteran who is housed, either on their own, through a program or at a long-term facility, stay there to ensure their own safety and the safety of others.
- We strongly encourage that you call ahead instead of coming to the center until further notice.
